

40314113 - Unic 100.300 HDG Cable Ladder

c.t.c.300 L3m

Product data

Product code:	40314113
Brand:	Niedax Group
Series:	Gouda Cable ladder
Type:	Unic
EAN Code:	08719972052437
Technical description:	Unic 100.300 HDG Cable Ladder c.t.c.300 L3m
ETIM class:	EC000854 - Cable ladder

Technical data

Width:	300
Height:	100
RAL-number:	-
Surface protection:	Hot-dip galvanised
Weight:	3.684
Type of rung:	Imperforated profile
Side perforation:	Yes
Material quality:	Other
Length:	3000
Material:	Steel
Usable cross section:	28918
Type of side joist:	Profile (open)
Suitable for circuit integrity:	No
Rung centre spacing:	300
Fixation rung:	Other
Working temperature:	-20 - 120
Working length:	3000
Vertical cable ladder:	-
Possible support spacing:	- - 3
Safe working load according to IEC 61537 with support spacing 0.5 m:	-

Safe working load according to IEC 61537 with support spacing 1.0 m:	-
Safe working load according to IEC 61537 with support spacing 1.5 m:	3350
Safe working load according to IEC 61537 with support spacing 2.0 m:	1800
Safe working load according to IEC 61537 with support spacing 3.0 m:	750
Safe working load according to IEC 61537 with support spacing 6.0 m:	-
Safe working load according to IEC 61537 with support spacing 7.0 m:	-
Safe working load according to IEC 61537 with support spacing 8.0 m:	-
Safe working load according to IEC 61537 with support spacing 10.0 m:	-
Safe working load according to IEC 61537 with support spacing 11.0 m:	-
Safe working load according to IEC 61537 with support spacing 2.5 m:	1100
Safe working load according to IEC 61537 with support spacing 4.0 m:	-
Safe working load according to IEC 61537 with support spacing 5.0 m:	-
Safe working load according to IEC 61537 with support spacing 9.0 m:	-
Safe working load according to IEC 61537 with support spacing 12.0 m:	-
