

43023113 - Unic 60.300 HDG Cable Ladder c.t.c.200 L3m

Product data

Product code:	43023113
Brand:	Niedax Group
Series:	Gouda Cable ladder
Type:	Unic
EAN Code:	08719972060524
Technical description:	Unic 60.300 HDG Cable Ladder c.t.c.200 L3m
ETIM class:	EC000854 - Cable ladder

Technical data

Width:	300
Height:	60
RAL-number:	-
Surface protection:	Hot-dip galvanised
Weight:	3.184
Type of rung:	Imperforated profile
Side perforation:	Yes
Material quality:	Other
Length:	3000
Material:	Steel
Usable cross section:	9743
Type of side joist:	Profile (open)
Suitable for circuit integrity:	No
Rung centre spacing:	200
Fixation rung:	Other

Working length:	3000
Vertical cable ladder:	-
Operating temperature:	-20 - 120
Possible support spacing:	- - 3
Safe working load according to IEC 61537 with support spacing 0.5 m:	-
Safe working load according to IEC 61537 with support spacing 1.0 m:	-
Safe working load according to IEC 61537 with support spacing 1.5 m:	1100
Safe working load according to IEC 61537 with support spacing 2.5 m:	450
Safe working load according to IEC 61537 with support spacing 9.0 m:	-
Safe working load according to IEC 61537 with support spacing 11.0 m:	-
Safe working load according to IEC 61537 with support spacing 12.0 m:	-
Safe working load according to IEC 61537 with support spacing 2.0 m:	650
Safe working load according to IEC 61537 with support spacing 3.0 m:	300
Safe working load according to IEC 61537 with support spacing 4.0 m:	-
Safe working load according to IEC 61537 with support spacing 5.0 m:	-
Safe working load according to IEC 61537 with support spacing 6.0 m:	-
Safe working load according to IEC 61537 with support spacing 7.0 m:	-
Safe working load according to IEC 61537 with support spacing 8.0 m:	-
Safe working load according to IEC 61537 with support spacing 10.0 m:	-
